

KEEP IN MIND THESE HELPFUL TIPS

Be sure to press the # key when asked. This signals CU*Talk to act upon your entry.

Keep your PIN number confidential. This protects your privacy and keeps others from gaining access to your accounts.

When entering dollar amounts, decimals are not required. For example, you would enter \$25.00 as 2500.

CU*Talk may occasionally be unavailable for short periods so that we may perform maintenance. If you are unable to complete a transactions for this reason, try calling back later.

Be extra careful when entering your member number and PIN. Entering a PIN incorrectly three times will disable access to that account through CU*Talk. If this happens, contact the credit union directly for reactivation.
